# Message from the Principal

Assalaamu Alaikum Rahmatullahi wa Barakaatuh and welcome.

*Welcome to Al-Madinah School and thank you (Jazaakallahu khairan) for showing an interest in Al-Madinah School.*

Our school is a caring and friendly place where students can grow and learn in a secure, creative and friendly Islamic atmosphere. We work together as a team for the best outcomes for our students and school. The school life, our discipline, and our expectations (values) of all members of the school community, staff and students alike, are based on the teachings of Prophet Mohammed (PBUH). This makes us distinctive and helps us to encourage a spiritual dimension to the life of all our pupils.

The importance of achievement in academic, Islamic knowledge, sports, cultural, leadership and community activities are evident in the results of our students at all levels. Our belief is that an all-round education is important for the holistic development of every child in the school. The supportive, professional, positive relationships between teachers and students promotes our learners to be confident, lifelong learners. Our focus is to cater for the diverse individual academic and pastoral needs. We work collaboratively and closely with the school communities, other schools and various other organisations that support and guide everything we do, across the curriculum and beyond.

With the increased IT facilities and provision of BYOD to all secondary students (Y7-13), the school is now positioned to provide online courses and satellite programs, which may be shared with other schools. This has given Al-Madinah a leading edge in the provision of curriculum in a wide range of subjects and to develop citizenship skills.

This prospectus provides information about life at Al-Madinah School. I hope you find it informative and helpful.

I look forward to 2022 and beyond, with trust in Allah Subhanahu wa Taála,. It is only due to His Grace, kind Dua and support from you all that this school is prospering. I pray for Allah's help in our endeavours and His forgiveness for our shortcomings.

Wassalaam

Asin Ali

## **Absence from School & Late Arrivals**

In all cases, when a student is absent from school an explanation must be sent to school explaining the reason for the absence, with the relevant date/s and parent's signature.

For late arrivals ALL STUDENTS must report to the school office and get late pass which is to be given to the class teachers. Continuous late arrivals will be dealt by Deans and will be referred to Truancy Officer and may **lead to after school detention.**

**Texts messages will be sent home of those students who are absent from school and/or late to school. It is very important that parents/caregivers reply to the text.**

The attendance officer may become involved should a problem persist. Parents are kindly requested not to send their child/children to school if they are unwell.

## **Parents collecting their children before school finishes**

In all cases, parents or caregivers are requested to go to the office. Unless the child/children are sick, parent or caregivers are expected to bring appointment notes. Office staff will send a note informing the class teachers who are not allowed to release the student until they receive a note from the office or hear the announcement on the microphone. Parents/Caregivers must not approach classrooms directly and must sign out.

## **Homework**

Homework is given to students on a regular basis. We believe that responsibility for ensuring the best possible education is shared between the school and the parents, and we ask for co-operation

and assistance from parents to support their child's/children learning. The following are guidelines for parents:

- Parents are to monitor their child/children to ensure their homework is completed on time.
- A digital diary will be used for recording home-works for students from year 7 upwards.
- Reading Books will be regularly sent home, particularly with younger students.
- Support your child's efforts with praise and encouragement.

## Mobile Phones

“PERMISSION FOR USE”:

Students are discouraged from bringing cell phones to School. Recent international research along with feedback from staff and students clearly indicates that cell phones at school are a major distraction for our students. Our policy is designed to ensure that the learning of all students is maximised, while minimising any potential for distraction.

If students choose to bring a cell phone, it must be switched to ‘silent’ and on a no ‘show policy’. This ensures that the phone is not a distraction to students or teachers during classes.

[At the discretion of the teacher, students may be allowed to access their phone for a defined period of time for learning purposes as determined by the teacher]

In an emergency, parents should contact the main office who will quickly convey a message to students. Students falling ill during a day must report to the health centre, who will contact parents.

“INAPPROPRIATE USE”

Students breaching this policy will be dealt with as per the behavioural guidelines.

Inappropriate use of a cell phone could, but not exclusively, involve:

Failing to hand in the cell phone at the start of a class

Any sort of bullying, including texting

Taking photos or videos of students or staff without their permission

Accessing social media sites during class

Producing disrespectful messages to or about staff or other students

Forwarding or storing photos or videos taken illegally (as above)

Mobile phones will not be confiscated except in circumstances where a member of staff considers the device to be a harmful or disruptive influence.

For repeated breaches, the student may lose the privilege of having a phone at school for a period of ten weeks.

## RESPONSIBILITY FOR CELL PHONES AND OTHER DEVICES

Please note, if students do make the decision to bring a cell phone, a media device or any other personal items to the School, they do so at their own risk. This includes when the device is handed in at the start of class. Al-Madinah School is not responsible for any loss or damage caused to any cell phone.

## UNIFORM

A high standard of dress and grooming is required at all times. No jewellery or cosmetics are to be worn. To ensure uniformity prevails, uniform and school scarves must be purchased from school. **Please note Primary means students from years 1 to 6 while Secondary means students from years 7 to 13.** Complete uniform sold at school. ## **Following steps are to be taken while dealing with major Offences:**

**Chance One:** Talk to student/s concerned.

Ask the student to explain the school rules concerning the offence.

Ask the student/students to write down the Islamic Code of Behaviour concerning the rule broken. Writing to be done at playtime or lunchtime in the school organised and supervised by members of staff.

Positive reinforcement book to be made at this stage by the teacher for the student concerned.

**Student may be put on lunch time detention.**

**Chance Two:** Letter is sent home or parent is telephoned with regard to the offence.

Students are also required to write a letter explaining why the rule has been broken the second time and copy down the school rule and Islamic code of behaviour.

To be done at lunchtime.

**Chance Three:** Student's/Students' parent/parents are called in to a meeting with the teacher concerned and a member of management/discipline team. Possible guidance/counselling.

Discussion as to why and what could be done to prevent future happenings. Principal is informed.

**Chance Four:** Principal takes over. Student's/ Students' parent/parents are called. Stand-down option considered. Consequences of further unacceptable behaviour to be explained to parents.

**Chance Five:** Rule broken fifth time the child will be sent to the Principal. Stand-down /Suspension / Expulsion considered.

**FAST TRACK:** In case of major offences where students/teachers are put in danger, the student/students concerned will begin with chance four or five, which may lead to immediate stand-down and / or suspension.

## **Parent / Teacher Contact**

Every effort is made to keep parents informed of the work, progress and activities of their children through:

1. Parent – Teacher interviews to present school reports. (During the school term, twice a year school will be closed for instruction in order to hold meetings for reporting on students' achievement).
2. School Newsletters.
3. Literacy / Numeracy Evenings held once a term.
4. Use of class dojo, emails and other social media.

The particular adherence to Islamic codes of conduct and etiquettes of segregation is not meant to obstruct contact between staff and parents. Inshaallah, with mutual respect and understanding, any queries by parents will be easily dealt with.

Students are not permitted to use the school telephones without permission. Any queries from parents are welcomed; however, calls are not connected to students. A message should be left and will be handled by the office staff who will liaise with relevant staff and SLT/Principal.

## **ICT Safety Policy**

Parents/caregivers and students must read the ICT Safety Policy Agreement and sign it in order to support the school's ICT Safety programme.
