Message from the Principal

Assalaamu Alaikum Rahmatullahi wa Barakaatuh and welcome.

Welcome to Al-Madinah School and thank you (Jazaakallahu khairan) for showing an interest in Al-Madinah School.

Our school is a caring and friendly place where students can grow and learn in a secure, creative and friendly Islamic atmosphere. We work together as a team for the best outcomes for our students and school. The school life, our discipline, and our expectations (values) of all members of the school community, staff and students alike, are based on the teachings of Prophet Mohammed (PBUH). This makes us distinctive and helps us to encourage a spiritual dimension to the life of all our pupils.

The importance of achievement in academic, Islamic knowledge, sports, cultural, leadership and community activities are evident in the results of our students at all levels. Our belief is that an all-round education is important for the holistic development of every child in the school. The supportive, professional, positive relationships between teachers and students promotes our learners to be confident and lifelong learners. Our focus is to cater for the diverse individual academic and pastoral needs. We work collaboratively and closely with the school communities, other schools and various other organisations that support and guide everything we do, across the curriculum and beyond.

With the increased IT facilities and provision of BYOD to all secondary students (Y7-13), the school is now positioned to provide online courses and satellite programs, which may be shared with other schools. Development of hubs, to promote the use of Integrated Learning Environment (ILE), as platforms for teaching and learning promotes collaboration and confidence amongst students. This has given Al-Madinah a leading edge in the provision of curriculum in a wide range of subjects and to develop citizenship skills.

2024 and beyond will see AMS promoting “Assessment for Learning” in which students will be given opportunities in doing self and peer assessments. Hence, it’s a readiness program for students beyond the school into the tertiary world.

This prospectus provides information about life at Al-Madinah School. I hope you find it informative and helpful.

I look forward to 2024 and beyond, with trust in Allah Subhanahu wa Taála,. It is only due to His Grace and your support and kind Dua that this school is prospering. I pray for Allah’s help in our endeavours and His forgiveness for our shortcomings.

Wassalaam

I give my full assurance that I will pay the school fees in full, support the school and its special character and ensure that all the by-laws of Al-Madinah School are abided by the child whose application is being made. Furthermore, I am aware that if fees are not paid in full on a timely manner than my child/children may be de-enrolled and the outstanding attendance dues will be handed to the debt collectors and **the collection cost will be recovered by the debt collectors from me.** *I am also aware that the address and phone number details of my child/children are collected at the time of enrolment and during their time at school so that the school can contact the parent or student as necessary. These contact details may also be passed on to the **Ministry of Education and the Ministry of Social Development (MSD)**. This is so, that young people who may have difficulty finding future employment; training or further education can be identified and offered support by organisations contracted by MSD to help re-engage young people in education or training when they leave school. In addition to the above I also give excursion permission for my child to participate in EOTC ((Education Outside the Classroom) day trips throughout the year which includes cultural, special character (Dawah/Tabligh) and other religious activities, sporting, academic and curriculum related trips and for any other events the school see fit for the students/staff to visit.*
