## The Peculiar Case OF THE MISSING GRANDMOTHER

### Principal's Message

Assalaamu Alaikum WRWB,

The overall student attendance has been satisfactory so far, but there are a handful of students that have been recorded with inconsistent attendance.

It is the government's target that attendance of the students are to be at a certain level. If parents fail to comply, our school would be targeted by the Ministry of Education. This will definitely affect the students results.

Furthermore, as the government is now requiring a certain level of achievement in reading, writing, mathematics for years 1 to 8 and also for the NCEA students, it becomes the responsibility of the school to follow up and ensure students do attend school to meet the above requirements.

We do not want to see, that because of the small percentage of students who are absent from school due to unjustified reasons, the school's performance in the attendance and achievement data is affected.

Therefore, we are kindly asking parents/caregivers to make sure your child/children are not absent from school unless there is a good reason.

We hope you enjoy the Term break.
