Commerce Department Term 3 Newsletter, 2025

WELCOME BACK!

Dear Parents and Guardians,

Assalaamu Wa'laikum WRWB

As we begin Term 3, we want to take this opportunity to thank you for your continued support throughout the year. The Commerce Department remains committed to supporting your child's academic success, particularly as we move closer to the critical phase of NCEA internal and external assessments.

We would like to stress the importance of **regular attendance**. Being present and engaged in class plays a key role in your child's learning, progress, and ability to meet NCEA requirements. Every lesson matters, and consistent attendance ensures your child is prepared, confident, and on track to meet their academic goals.

This term, we will be focusing on completing key internal assessments and preparing for external exams. It is vital that students stay focused, meet deadlines, and seek support when needed. Our teachers are here to help, and we encourage students to take ownership of their learning by attending tutorials, revising regularly, and communicating openly with their subject teachers.

Let's continue to work together to ensure all our students achieve success in Commerce and make the most of the opportunities ahead.

Google Classroom continues to be the primary hub for every class to share class materials and lesson slides, internal assessment deadlines, notices and homework and resources for revision and study.

We encourage students to continue to check their Classroom regularly and use it to stay organised and up to date. Parents are welcome to ask their child to show them the platform to stay in the loop.

UPCOMING EVENTS

While Term 3 is largely focused on preparing for external assessments and mock exams, it is important to bring some excitement and balance to the term. To add some colour and creativity, our Year 12 and 13 Commerce students will be running stalls at the upcoming School Gala Day, showcasing their innovative products and business ideas.

Student Success in the YES Business Pitch Challenge

We are proud to share the outstanding efforts of our Business Studies students who recently participated in the **Young Enterprise Scheme (YES) Business Pitch Challenge**. This event gave our budding entrepreneurs the opportunity to present their innovative business ideas to a panel of industry experts, gaining real-world experience in pitching, planning, and strategic thinking.

Our students impressed the judges with their creativity, confidence, and professionalism.

Participation in the YES challenge has helped students develop valuable skills in leadership, problem-solving, and resilience — all of which are essential for success in the world of business and beyond. We commend their efforts and look

forward to seeing their ventures develop further throughout the year.

TEACHERS IN THE DEPARTMENT

Commerce department consist of two teachers:

Teachers	Subjects

---	---

We sincerely appreciate your ongoing support at home—whether it's checking Google Classroom, encouraging punctuality, or simply asking your child what they learned today and helping them with their homework or preparing for assessment.. Together, we can help them thrive.

If you have any questions, concerns, or would like to connect with the Commerce Department, please don't hesitate to reach out.

Thank you for your continuous support.

Wassalam

Zabina Khan
