## Principal's Message

Assalaamu Alaikum WRWB,

Parents are reminded that attendance to school and students' achievements are government targets. We have now entered term 3, which is an important term as far as NCEA assessments are concerned and in fact this applies right across the board. This means that if students do well in primary school they will do well in secondary school and in particular, NCEA.

Therefore, parents are reminded that attendance, to school, everyday and on time, will help your child/children to achieve to his or her best potential.

It is well worth noting that if students are missing school, for whatever reason, the school must be informed of the reason, as identifying the reasons for a students' absence is a requirement of the Ministry of Education. If parents are not informing the school of the reasons of a students' absence then the school will have no choice but to notify the truancy officers.
