Cross Country Practice Run at House Park

Principal's Message

Assalaamu Alaikum WRWB,

We are now heading towards the last few weeks of Term 3 which is the most important time for the NCEA students to gather and finalise all their internal credits towards NCEA, and more importantly achieving NCEA with flying colours - Merit and Excellence, which will give students a better chance to be placed in challenging pathways like Medicine, Engineering and others.

You would have noticed teams like All Blacks, All Whites and others do their very last minute preparation for their official games. Similarly the challenge for students is to ensure that they get their credits for their internal assessments and be ready for their external exams.

If you start preparing early, your chances of achieving with the best results is much higher. Hence, we request parents to encourage their children to aim for the highest achievement by preparing for their exams now.

"A journey of a thousand miles starts with a single step"
