Term 3 2026

Welcome back to Term 3. We hope everyone has had a refreshing break and are ready for another exciting term of learning. This will be a rewarding term, particularly for our senior students as they prepare for their NCEA Practice Examinations in **Weeks 9 and 10** and complete their internal assessments. We also look forward to supporting our students participating in the Boys' Production and the South Auckland Maths Challenge, making this a term filled with both academic and co-curricular opportunities.

Regular attendance and punctuality remain essential for student success. We appreciate the parents continued support in ensuring your child attends school every day and arrives on time, ready to learn.

The Mathematics Department would like to express its sincere appreciation to Ustadah Nazmeen Zaim for her continued dedication and support in preparing our students for the South Auckland Maths Challenge. Her commitment to working with our Year 9 and Year 10 students has helped strengthen their

mathematical thinking, confidence, and teamwork.

The year 9 and 10 students are working on the new refreshed curriculum. Both the year levels will study Statistics, Measurement and Algebra-Equations and Relationships this term.

Year 11 students will be preparing for their external standard which covers the topics: Number, Algebra, Measurement and Geometry.

Year 12 students will learn the Calculus concepts after completing their Simultaneous Equations assessment

Year 13 students will be learning about Complex Numbers.

Assessments

The internal assessments this term will be:
Year 12 Week 2 Simultaneous Equations.

Numeracy CAA for the year 10 students and those in year 11-13 who have not achieved their Numeracy, will be on 14/9/2026.

The year 11-13 NCEA students will be doing their practice exams in week 9 and week 10.

The department teachers look forward to meeting all the parents/caregivers during the parent teacher meeting this term to discuss how we can work together to support the students achieve their best.

Shabina Nabijan

Head of Department - Mathematics
